

Movielux Mobil

At home, in the office or on the road – easy to set up and ready to use

Convenient and flexible – also suitable for professional presentations while travelling – the Movielux Mobile screen can be set up in 2 simple steps. The Movielux Mobile meets high standards in both quality and design.

- The projection surface is integrated into a sturdy, well designed case
- Quick and easy to set up – two hand movements and the projection surface can be pulled up out of the case
- The stable shear joint mechanism ensures an optimal flatness of the projection surface
- The sturdy aluminium casing protects the screen against dust and transport damage
- Black border for clean edges: the image appears clearer in terms of contrast, 4:3-Format
- Space-saving storage
- With four wheels and two handles for easy transportation
- No bothersome tripod feet
- Available in 1:1- and 4:3-format
- Casing colour: black, RAL 9005

Screen surface

- Front projection, **Type S**
- Gain factor according to DIN 19045, approx. 2.2
- Highly reflective, on a woven base
- 2 cm black border
- Rear side: black

Rear side with shear joint mechanism

Wheels and handle for easy transportation
