Plana Fold Professional

The mobile Companion for big events...

Ideal wherever ease of use and quick set-up are required. A sophisticated fold system of the frame makes setting up this screen very easy. Perfect for presentations in front of a large audience, on stages or on fairs and exhibitions.

Thanks to the one-piece frame there is no fear of losing or mixing up single components. Ideally suited for rental service. Robust carrying bags for both the frame and the screen surface are part of the delivery standard.

One-piece folding frame

Height-adjustable up to approx. 5 - 140 cm

Proven snap joint locks automatically and can be folded up easily at the touch of a button

... quick and easy to set up

- Automatically locking, stable snap joints on the frame and foot supports
- Frame consists of high-quality 25/25 mm square aluminium profile
- No tools required for assembly and disassembly
- The height is adjustable from approx. 5 - 140 cm (in 15-cm-increments)
- Stable, foldable feed
- Dimensions in accordance with international standards
- Sreen surface with approx. 10 cm wide, black frame reinforcement with snap fasteners. The projected image becomes richer in contrast.
- Small packing size of only 125 cm (length)

Screen surface
- Front projection, **Type D**
- Gain factor according to DIN 19045, approx. 1.2
- Matt white, foil basis
- 10 cm wide surrounding border
- Rear side: grey

On request:
- Screen surface also available separately
- Rear projection
- Other formats
