

Rollux 2

Pull down – tilt – pivot all in one easy step

- Distortion-free projection with INC (Inclination) technology
- Suitable for wall or ceiling mounting
- Optimal screen tension thanks to the scissors mechanism
- Casing colour: white, RAL 9010

NEW: Other RAL colours are available upon request, for an extra charge.

With optional accessories:

- Tilts from 0-10 degrees
- Continuous right and left swivel possible
- Suitable for mounting to suspended ceilings

Screen surface

- Front projection, **Type D**
- Gain factor according to DIN 19045, approx. 1.2
- Matt white, foil basis
- Rear side: black

Accessories:

Wall/ceiling spacer

Allows installation of the screen into suspended ceilings as well as tilting the screen to eliminate keystone effect when mounted.

Spacing 30, 40 and 50 cm.
Code No. 8585WW1003

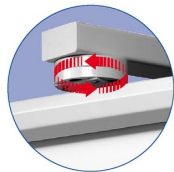

Swivel head

Facilitates screen swivelling either to the left or to the right when wall-mounted. Must be used together with the wall/ceiling spacer.

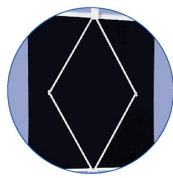

Code No. 8585WW1008

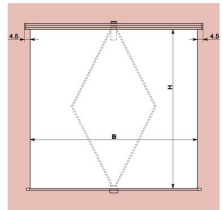

Rear view: With spacer and swivel head, tilted

Variable swivel with swivel head

Rear side: universal joint mechanism for optimal flatness
